Jenny,

Thanks for your comments. I talked with Allison about a particular format. She suggested that we just use the format Jayne provided. She really hasn't given this much thought.

My plan is consolidate comments from the riparian review team then send the document to the broader group.

I am sure there is some consolidation that could be done to but I wanted this to be more inclusive than not especially since it is likely going to be a finding that the State doesn't have MMs to address this issue.

I am in the office today so if you would like to catch up, just let me know when.

Alan

Hey Alan, I took a look at the write-up and had some changes to the first paragraph. For the rest of the write-up, I'm wondering whether Allison had any formats they like to follow. I suspect that it would be helpful to consolidate some of the bullets and have them in sentence form. I didn't take a crack at it yet, though. I'm going to think about the pesticides section, and if I run across anything useful, I'll let you know.

Thanks - Jenny

## Ex. 5 - Deliberative

I would really appreciate your thoughts on this draft. The document will be review by the CZARA core team and then be used to present this issue to the Agencies' managers. I would really appreciate it if you could get comments to me by Thursday afternoon. Sorry for such a short turn-around.

Feel free to call me if you have any questions.

Thanks guys.
